Cork&Olive®
Wine

Tampa, FL November 27, 2006

Cork & Olive is the new way to explore and buy wines. We believe wine does not have to be expensive to be good. Many of our wines come from smaller, family owned vineyards from around the world. Our wine tasting table is open all-day, everyday so you can always try before you buy. Join us at one of our many new neighborhood locations, host a private wine tasting in your home or enjoy a catered corporate event. In every unpretentious setting, you will discover good times, good wine and good people.

Art & Design

Just 18 miles from Cariñena there is a small village called Fuendetodos, homeland of the eternal painter Francisco de Goya, that gives shelter to one of the most original and exclusive collection of artworks - Disparates de Fuendetodos. This is a compilation where the best contemporary artists in Spain express the new vision of today's art as well as continuing the most creative, mysterious, and unfinished sequence of artworks by Goya known as: Disparates de Goya

The bottle used for this collection was designed by André Ricard and was the winner of the 1st International Competition of Bottle Designs.

As a treasure's chest we have designed a stylish box for six bottles, representing one of each of the varieties planted in our estates.

Corona de Aragon Disparates de Goya was born to be an exclusive collection of art within the world of wine. There is nothing better than dressing up our wines with a selection from the Disparates de Fuendetodos collection: artworks from Mariano Rubio, Joaquín Capa, Fernando Bellver, Monirul Islam Patwary, Antonio Lorenzo and Enrique Maté adorn the labels used in this outstanding varietal collection.
